

HOLDEN HEREFORDS

44th Annual Production Sale
March 8, 2010
12:30 P.M.
At the Ranch
Valier, Montana

VIEW HOLDEN HEREFORDS SALE LIVE ON SATELLITE TV WITH SUPERIOR

HOW TO PARTICIPATE AS AN ABSENTEE BUYER

We prefer for each of you to be in attendance on sale day. Realistically, we know there will be some scheduling conflicts and distance limitations. In these cases, we have arranged for you to be able to participate in the sale on an absentee basis.

If possible, you can come by and evaluate the animals prior to sale day. If distance is a problem, we can also provide you with a DVD of all the cattle for home viewing. All of the lots in the sale will be available for viewing online prior to sale day at www.superiorlivestock.com as well.

Customers tell us that the video does a good job of showing conformation, structural correctness, and how the cattle travel, etc. Our sale book, with complete data on each animal, is very helpful. Please feel free to call us with questions. In addition, there will be qualified persons on hand sale day to evaluate the bulls and answer any questions you might have.

HERE'S HOW IT WORKS

Please call Superior Productions at **1-800-431-4452** and **pre-register for your buyer's number**. At that time they will give you the bid line number that you will use on sale day to place bids over the phone.

The sale will be broadcast via satellite. Also, Superior Productions now offers the convenience of participating on sale day by following the auction on the internet at www.superiorlivestock.com. Regardless of internet connection, you will be able to view the

same video feed as seen on the satellite. The bidding process is the same – follow the auction on the internet and call the bid line number to place your bids.

Bidders who are successful in making purchases via satellite or internet will be contacted by Holden Herefords after the sale to settle payment and shipping arrangements.

VIEW AND BID HOLDEN HEREFORDS SALE LIVE ON THE INTERNET

Real-time bidding is available via the internet for this sale. Live audio and live video will allow buyers to bid on animals just as if they were present at the sale. Buyers must create an account prior to the sale. Please visit <http://www.LiveAuctions.tv> to create an account and request a buyer number. Instructions are available at <http://www.LiveAuctions.tv> to walk you through the account setup process.

Web Address:

<http://www.LiveAuctions.tv>

LiveAuctions.tv, e-mail address:

brad@LiveAuctions.tv

Buyers who would like to bid via the internet must register with LiveAuctions.tv two days prior to the sale.

TERMS AND CONDITIONS

- All sale cattle have been parentage verified and DNA tested to be IE Free and Dilutor Free by Maxxam Labs. All sale cattle have also been tested negative for BVD PI.
- Each animal will be sold to the highest bidder without reservation.
- The auctioneer will settle any disputes as to bidding and his decision will be final.
- Terms of all sales will be cash unless arrangements are made between purchaser and seller prior to sale.
- Individual health papers will be furnished with each animal permitting shipment to any state.
- In case an adjustment is required, it will be made with a replacement animal of equal value to the animal in question or credit on the purchase of another animal.

- No adjustments will be made after nine (9) months of sale day on any animals.
- The animal becomes the property of the purchaser as soon as sold but it shall be the responsibility of the seller to see that animals are properly cared for until delivered to the purchaser.
- Any death or injury after the animal is sold is at the buyer's risk.
- Anyone attending this sale attends at their own risk and without liability on the part of the owners or their employees.
- Corrections or additions of any information contained in the sale catalog will be announced from the auction stand and will take precedence over any printed material.

Welcome to Holden Herefords

This is our invitation to you to attend our 44th annual production sale.

Once again, we are pleased to offer an outstanding set of bulls that are uniform and predictable in quality, type, and breeding. This group of bulls represents the top 87 out of over 120 bull calves born in our 2009 calf crop. In addition, we will be selling 5 ET bulls born in the fall of 2008. They are a balanced trait set of bulls that combine thickness, performance, pigment, maternal, fleshing ability, carcass, disposition and moderate birthweight. Their average EPD's are BW +2.6 WW +49 YW +80 Milk +25 M&G +50. They will sell with complete performance and ultrasound data and will all have been semen tested. Also, all sale cattle have been DNA parentage verified and have been tested IE Free, HY Free and Dilutor Free along with being tested negative for BVD PI. As always, all sale cattle sell fully guaranteed.

Our cow herd is Line One in breeding. We purchased our first Line One cattle over 50 years ago. Since then we have purchased and used many top sires from the Miles City Research Station. We have also exchanged and purchased top herd sires from Cooper Herefords. We have also selected top herd sire prospects from our own herd every year.

We were one of the first members of the Montana Beef Performance Association when it was organized in 1956 and were very active in it until it was dissolved. We have been involved with the TPR program of the American Hereford Association and are active participants in the Whole Herd Reporting Program. These records have been very important in selecting and maintaining the performance and quality of our cattle.

We have a severe culling program for our mother cows. We cull on performance, fertility, soundness, udder quality, and milk. Our cattle are the product of many years of selection for these traits. Our cowherd is our pride and many of the top cows in the breed have come from our ranch.

We have stayed with a strong performance, multi-trait line breeding program to enhance the predictability of our cattle for our customers. Our focus has always been on stacking generation after generation of the traits that add value to our customer's bottom line. A line breeding program can only succeed if you continually add cattle with superior genetics to it. The advantage of our program is the uniformity and predictability it provides along with the heterosis that can be generated by an outcross within the breed or between breeds. These bulls have generations of bred in performance and will pass these traits on to their progeny consistently.

The sale bulls and heifers and the cowherd will be on display March 6th, 7th, and 8th for your inspection. Lunch and snacks will be provided on both March 7th and sale day. There will be a social hour and dinner at the Lighthouse Restaurant on March 7th from 6:30 to 8:00 p.m. Please come and be our guests.

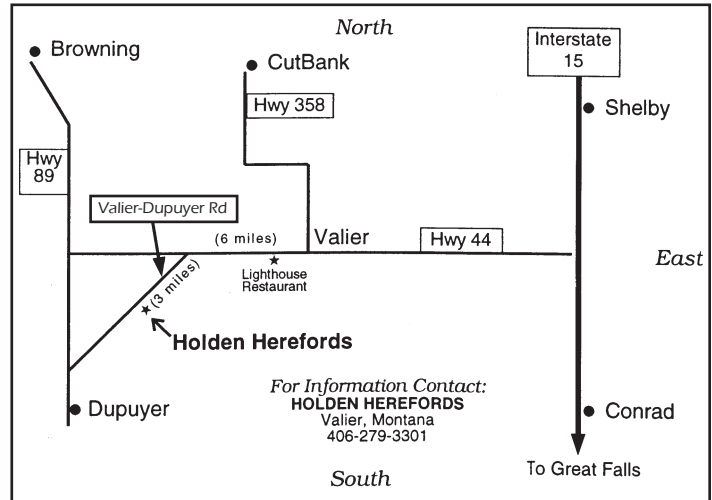

We are excited to again be broadcasting our sale live on Superior Productions on RFD-TV on DirecTV Channel 345 and Dish Network Channel 231. We will start selling cattle promptly at 12:30 p.m. to try and

get all the lots through in our allotted time. DVD's of the sale cattle will be available through us or Superior. Please contact either one of us and we will be happy to send one out to you. We also offer live sale viewing and bidding on the internet with LiveAuctions.tv. Details on how to participate with either Superior Productions or Live Auctions can be found on the inside front cover of our catalog.

Thank you for your interest in our program. Please feel free to stop by and inspect the cattle at any time, and if we can help you out in any way, please give us a call.

Jack & Tresha Holden & family
Jay D. & Kelli Evans & family

SALE LOCATION

Holden Herefords is 9 miles west of Valier on the cutoff road to Dupuyer. Take Highway 44 for 6 miles and then the left-hand fork off highway. You can't miss it.

TRAVEL AND ACCOMMODATIONS

Our ranch is 95 miles north of Great Falls, Montana. Great Falls has excellent air terminal service. Great Falls is served by Delta, Northwest, United, and Horizon airlines.

DELIVERY

We are offering free delivery to central points within 1,000 mile radius of our ranch on all purchases totaling \$4000 or more.

ABSENTEE BIDDING

Anybody wishing to bid that cannot attend the sale or participate on the phone with Superior Livestock may place a phone bid by contacting any listed sale representative, Jack Holden, or Jay D. Evans. DVD's of the sale cattle will be available. Please contact us for more information.

In today's tight cattle economy can you afford not to use Hereford bulls on your Angus based cowherd?

Using Hereford bulls on Angus-based cows will give producers advantages in profitability, cash flow, herd size, and retained female fertility and longevity according to a recently completed study at Circle A Angus Ranch. In fact, when the data was further analyzed for economic emphasis, the results showed an advantage of \$514 net per cow over a period of 10 years. That's a \$51 difference per cow per year.

Economic models also predicted that if replacement females are retained over a period of 10 years, Hereford-sired females will generate a 20% advantage in herd size for the same relative cost versus the straight Angus commercial cows because of increased fertility and longevity.

♦ 03571 has proven to be one of the best Miles City raised bulls we have ever used. He consistently sires easy fleshing, extra thick, performance progeny with top notch carcass and maternal traits and great structure and eye appeal. He is a trait leader for WW, YW, M&G, and MARB EPD's and \$CHB. We are using 3 sons of this great sire to carry on his tradition. Owned with EE Ranches MS. and KS. 9 Powerful, high marbling sons sell along with 20 grandsons!

♦ "7034T" is an outstanding son of the great 03571 herd sire. He is a powerful combination of moderate BW, high growth, maternal, and carcass traits. His progeny are deep sided, thick made bulls with good pigment and plenty of eye appeal. His dam is the top cow in our herd for marbling ratio with over an average Marbling Ratio of 122 on 19 progeny, including the two top marbling bulls in this year's sale. We have 3 full sisters to 7034 in production and they are role model young cows with perfect udders and loads of milk. 13 powerful sons sell!

Sale Bulls

This group of yearling sale bulls represents the top 87 head out of almost 120 bull calves born in our 2009 calf crop. This is one of the most outstanding groups we have ever offered for sale. They combine individual performance and carcass data with breed leading EPD's and a great phenotype. They are extremely uniform in type and kind and the depth of quality in the whole group is outstanding. The average EPD's on this group of bulls is CED +1.6 BW +2.6 WW +49 YW +80 Milk +25 M&G +50 REA +.22 and MARB +.09. Compare this to the breed average which is CED +.2 BW +3.6 WW +71 Milk +17 M&G +39 REA +.20 MARB +.03. **This means that the average bull in the sale averages in the top 27% for Calving Ease, the top 25% for WW and YW EPD's, the top 10% for Milk and M&G EPD's, the top 45% for REA EPD and the top 25% for MARB EPD.** The bulls were again developed out on the CHS Feeds ration called Bull Challenger. It is a high fiber, low fat pellet that we have fed for the last 16 years. The bulls gained 3.52 lbs. a day on it on a 130 day test and have an average adj. 365 day wt. of 1300 lbs. They had an average actual weaning weight of 712 lbs. on 8-24-2009. They also scanned an average adj. REA of 13.3 and an average IMF score of 3.32%.

♦ Outstanding herd bull prospect. If you are looking for a real curve bender, here is a great one to look at. 9019 ranks in the top 8% of the breed on both CED and BW EPD's and ranks in the top 2% of the breed for Milk and M+G EPD's. He is a thick topped, big hipped bull with lots of volume, pigment, and eye appeal. His dam is a super young cow and will go into our donor program this spring. He is backed by one of our very best cow families and has 5 generations of donors on the bottom side of his pedigree. Retaining a 1/4 in-herd use semen interest.

♦Top herd bull prospect. 9051 is an extremely thick butted, big topped bull with good pigment and lots of eye appeal. He has tremendous individual performance, including an 814 lb. 205 day wt. and scan ratios of 103 on REA and 120 on IMF. He ranks in the top 1% of the breed on Milk and M&G EPD's and ranks in the top 15% of the breed or better on WW, YW, and REA EPD's. His dam is a super young cow out of 5212 and his granddam was the high selling female in our 2008 Female Sale at \$32,000. He has 4 generations of donors on the bottom side of his pedigree and goes back to the great 063Z cow that produced the 492D bull. Pictured on back cover.

♦ Herd bull prospect deluxe with loads of pigment. 9075 is goggle eyed and red to the ground just like his sire and grandsire. He is a long spined, deep sided bull with lots of eye appeal and is the #1 bull in the sale for adj. REA with a 16.3 inch adj. REA and a 118 ratio and ranks in the top 4% of the breed on REA EPD and the top 15% for Milk and M&G EPD's. He is out of the great 1028L cow that was on the cover of our 2008 Female Sale catalog and is one of the best cows we have ever produced. Maternal brothers are in use at Nunnally Farms, Patterson Ranches, Jacobs Ranch, T Cross Ranch, and Curlew Cattle Co. and 1028L has generated over \$150,000 in progeny sales. If you are looking for a no miss herd bull that will add pigment, here he is! Retaining a 1/4 in-herd use semen interest.

♦ 9144 is an awesome herd bull prospect that covers all the bases. He is an eye catching, extra long bodied bull with great muscle expression, pigment, and dimension. He posted outstanding individual performance in every category including a 121 on IMF ratio. His EPD's rank in the top 1% of the breed on YW and M&G EPD's, the top 3% on WW and Milk EPD's, and the top 5% on CHB\$ yet he is well below breed average on BW EPD and has the look of an easy calving bull like his sire. His dam is a well marked, perfect uddered 03571 daughter with loads of milk. His maternal granddam and great granddam were both donors for us and were both outstanding cows. Retaining a 1/4 in-herd use semen interest.

Holden Herefords

♦ Top herd bull prospect. Heavily pigmented, freckle faced bull with extra length of body and depth of rib. 9215 has loads of performance and also ratioed 121 on IMF. He ranks in the top 3% of the breed on Milk, M&G, and MARB EPD's and CHB\$ and is in the top 10% on WW and YW EPD's while still being right at breed average for BW EPD. His dam is the #1 cow in our herd on NR with an average of 114.5 on her first 2 calves. Also note the great 93451 Miles City cow in the bottom of his pedigree.

♦ 8274 is a long bodied, big framed bull with plenty of eye appeal. He has a powerful set of EPD's and is especially strong on carcass where he ranks in the top 3% of the breed on MARB EPD. His dam is the great 793 cow that has produced many herd bulls for breeders around the country. We flushed 2 full sisters to 8274 last spring and they are two of our very best 5 year old cows.

♦ Top quality herd bull prospect that we seriously considered retaining for our own use. 8289 is a very well marked bull with extra depth of rib, length of body, and muscle shape. His dam is a top donor cow for us and a full sister to the 9169W bull that we are retaining for our own use this year. Note also that his granddam and great granddam are the 4019 and 1028 cows that are two of the very best females we have ever raised. Full brother sells as Lot 8279U.

HH Miss Advance 4019P
Maternal Granddam of Lots 8279U and 8289U
Maternal sister to Lot 9075W

Heifers

Once again we are proud to offer a group of our yearling heifers. This may be the strongest set we have ever offered in our spring sale. This super set of females should go on to make great brood cows and also have good donor potential. They have an excellent set of EPD's with averages of BW +2.4 WW +45 YW +74 Milk +25 M&G +48. The average heifer in this group would rank in the top 10% of the breed on both Milk and M&G EPD's and the top 25% on BW, REA, and MARB EPD.
